

2022 ANNUAL SUMMIT

Dear Supporter:

I am excited to announce that RASCL's Annual Summit will return to an in-person event this year.

As you know, RASCL's Summit, brings together more than 200 community leaders and supporters from across Delaware to discuss resilience, sustainability, infrastructure, and much more.

This year's Summit will take place on December 6, 2022 in Dover. It is my hope that you will join us as a sponsor of this important celebration.

Your past support of RASCL and the Summit has furthered our mission to support Delaware's communities and the resources that members like you offer them. During the last two virtual summits, we were able to provide communities with the latest research and best practices related to resilience and sustainability, and reach and engage with new communities who may not have been able to join RASCL at an in-person event.

The RASCL Summit has previously attracted community leaders, planners, county, state and federal representatives, engineers, scientists, natural resource managers, and more - offering excellent visibility to key target audiences in Delaware.

Our sponsorship levels range from \$250 to \$1,000. Details about the variety of benefits to our sponsors are included in the attached letter. If you have any questions, please reach out to me jsavini@delawareestuary.org or visit <http://www.derascl.org/summit>.

Thank you for your consideration and continued support. We look forward to having you as a sponsor of our celebration!

Sincerely,

Jana Savini

Member, RASCL Steering Committee

P.S. We hope you join us at the 2022 RASCL Summit, where vibrant and prepared communities are our top priority!

WHY SPONSOR THE RASCL 2022 ANNUAL SUMMIT?

Reach 200+ attendees at the Summit and even more through our platforms, including:

- Online communication via the Summit Website and Eventbrite registration page
- Email marketing to our hundreds of attendees.
- Onsite displays during sessions, networking breaks, and printed signage.
- Exhibitor space where you can engage with leads in the field.
