

10th ANNIVERSARY RASCL SUMMIT

Dear Supporter:

RASCL is proud to announce that our upcoming Summit will mark the beginning of our 10th Anniversary year! Since our founding in 2016, we've expanded our programming, forged new partnerships, and strengthened our network. Together, we have achieved remarkable progress, and this year's Summit will set the stage for the next chapter of collaboration and innovation.

RASCL's annual Summit brings together more than 200 community leaders and supporters from across Delaware to discuss resilience, sustainability, infrastructure, and more.

Our next Summit will take place on March 5, 2026 in Dover. This year's theme is *Making Space for Sustainable Growth and Resilience: The Role of Land Use Planning*. It is my hope that you will join us as a sponsor of this important celebration.

The RASCL Summit has previously attracted community leaders, planners, engineers, scientists, natural resource managers, and county, state and federal representatives. This event offers our sponsors access and excellent visibility to key target audiences in Delaware.

Our sponsorship levels range from \$500 to \$2,500. Details about the variety of sponsor benefits are included in the attached form. If you have any questions, please reach out to me jsavini@delawareestuary.org or visit <http://www.derascl.org/summit>.

Thank you for your consideration and continued support. We look forward to having you as a sponsor of our celebration!

Sincerely,

Jana Savini

Member, RASCL Steering Committee

P.S. We hope you join us at the next RASCL Summit, where vibrant and prepared communities are our top priority!

WHY SPONSOR THE RASCL ANNUAL SUMMIT?

Reach **200+ attendees** at the Summit and even more through our platforms, including:

- **Online communication via the Summit Website and Eventbrite registration page**
- **Email marketing to our hundreds of attendees.**
- **Onsite displays during sessions, networking breaks, and printed signage.**
- **Exhibitor space where you can engage with leads in the field.**
